IAERE Newsletter - 5th issue

We are glad to present the 5th issue of the IAERE Newsletter, edited by [Alessio D'Amato](#).

It is meant as a tool for sharing information regarding events, research outputs, career and training opportunities in Italy and beyond. Each Newsletter issue includes institutional news and collects all the new contents published in the IAERE website after the release of the previous Newsletter issue.

We encourage submissions of contributions to be posted in the IAERE website by writing to iaere@iaere.org.

Presidential Address

Dear Members,

it is with great joy that we are announcing a Newsletter really full of interesting stuff! Many of the news are the result of your input and your suggestions. First, we have created a [Members E-Mailing list](#). If you, or any other member, have something important to share you can use this to talk to all of us.

The preparation of our [2016 Annual conference](#) is at its peak and Bologna is waiting for all of you, so get ready and send your paper.

If you meet the requirements, also apply for the [IAERE Young Environmental Economist Award](#). It may not be the Nobel prize, but it is our common tribute to young and promising researchers to help them in their next research endeavor.

Finally, we are already announcing our lunch meeting at EAERE conference in Zurich 2016, so that you can schedule it in advance! Any other suggestion, just write to iaere@iaere.org and we will do our best to make it count.

Best regards,

Valentina Bosetti

IAERE President
