

## Call for Posters

### **International Spring School “European Energy System Transformation and Climate Policy – Heterogeneous Perspectives Ranging from Global via European to Local”**

PhD students attending the Spring School have the opportunity to present their research and projects in a poster session and exhibition. On the first day of the school, the poster session will take place. The poster exhibition will be open during the full period of the Spring School.

The objective of poster session and exhibition is to support the participants of the School in exchanging ideas and initiating new joint research activities. The exhibition will be located directly at the venue in order to facilitate the access to the posters.

Interested, participating PhD students are asked to inform us until the 15th of January 2018 at latest whether they plan to give a poster presentation (contact details please see below).
